

## Early Journal Content on JSTOR, Free to Anyone in the World

This article is one of nearly 500,000 scholarly works digitized and made freely available to everyone in the world by JSTOR.

Known as the Early Journal Content, this set of works include research articles, news, letters, and other writings published in more than 200 of the oldest leading academic journals. The works date from the mid-seventeenth to the early twentieth centuries.

We encourage people to read and share the Early Journal Content openly and to tell others that this resource exists. People may post this content online or redistribute in any way for non-commercial purposes.

The Range of the Barometer has been during the 10 last days of November above 30; and during the 20 days of December, it only once rose to 30, which was on the 14th; its lowest was 28.8 on the 9th.

The wind has been observed S.W. 22—N.W. 6—W. 4—N.E. 2 times,—S.E. 1—so that the great prevalence has been Westerly.

### TO CORRESPONDENTS.

It is an unpleasant task to reject the proffered favours of correspondents, but in some cases we cannot comply. The Poetry marked J.M. and Zoe, is inadmissible. When good Original Poetry cannot be procured, it is thought better to omit that department, or to give suitable selections of articles which have previously been published. A continuation of the Portraits of Matrimony may be shortly expected. Several articles arrived too late for insertion this month.
